Austin, TX | +1 555-014-7826 | morgan.reed@example.com | linkedin.com/in/morgan-reed

PROFESSIONAL SUMMARY

Detail-oriented software engineer with experience developing web applications, automating routine workflows, and improving internal tools. Comfortable working with cross-functional teams and learning new technologies quickly.

EXPERIENCE

Software Engineer — Northstar Digital Labs, Austin, TX 2024–Present

- Developed and maintained internal web applications used by multiple business teams.
- Reduced manual reporting work by approximately 30% through workflow automation.
- Collaborated with designers and QA engineers to deliver product updates on schedule.

Junior Web Developer — Blue Oak Systems, Austin, TX 2022–2024

- Built responsive interfaces and integrated REST APIs for customer-facing applications.
- Investigated application issues and implemented fixes based on testing and user feedback.
- Participated in code reviews and maintained technical documentation.

EDUCATION

Bachelor of Science in Computer Science — Western Plains University, 2022

Relevant coursework: Data Structures, Database Systems, Web Development, Software Engineering

PROJECTS

Inventory Tracking Dashboard

Created a web dashboard for tracking stock levels, product movement, and low-inventory alerts.

Customer Support Automation Tool

Developed a small application that organized incoming support requests and generated weekly reports.

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, SQL

Web: HTML, CSS, React, Node.js, REST APIs

Tools: Git, GitHub, Docker, PostgreSQL

CERTIFICATIONS

- AWS Certified Cloud Practitioner — Amazon Web Services
- Professional Scrum Master I — Scrum.org

ADDITIONAL

Volunteer mentor for a local coding club; interested in open-source software and community technology projects.
